This notice follows a June 4, 2014 notice (Federal Register / Vol. 79, No. 107) providing information on the

Wednesday, September 10, 2014 meeting of the Advisory Committee and previous conference calls of the task groups.

The Net Zero task group is pursuing the motion of a committee member to "Strengthen net zero energy commitments for new and existing federal buildings and federal leased buildings." The Building Labels task group is pursuing the motion of a committee member to "Require building performance labels [for federal buildings], including current energy and environmental performance."

The conference calls will focus on how the task groups can best refine these motions into consensus proposals of each group to the full Committee, which will in turn decide whether to proceed with formal advice to GSA based upon these recommendations.

Dated: July 28, 2014.

Federal Director,
Office of Federal High-Performance Green Buildings,
